SCARF MAGIC
Versatile Scarves - An Essential Fall Accessory

Square and oblong scarves are versatile accessories that put added zing into fall fashions. Tied in different ways around the head or neck, a scarf is capable of many tricks. Experiment a bit to find just the right look for each outfit.

For starters, try folding a scarf into a three or four-inch headband. Knot below ear with streamers gracefully brushing the shoulder. Or make a turban by folding a square scarf into a triangle. Knot the triangle point and place at front of head. Tuck under and tie scarf in the back. Tie at the front for a different turban style.

There are many ways to use scarves for neckline interest. Besides the familiar simple wrap-around and tie, ascot, man-style and bow tie, try interesting jabot-like fill-ins. Fold a scarf into accordion pleats. Place around the neck, tie and open into full pleated effect. Or reverse a square and tie a knot in the center. Turn to right side and tie corners around the neck forming a fluffy butterfly shape in front.

Scarves are as varied in colors, textures and fibers as they are in their uses. Many are made of nylon and other synthetics. Some are made of cotton or blends and others of time-honored silk.

Most can be machine washed with the synthetics and blends requiring little or no ironing. Brightly-printed silk scarves call for quick hand washing using a gentle squeezing action rather than a wringing or twisting motion to work suds and rinses through the fabric. Silks should be washed in cold water to protect extra-sensitive colors and pressed with an iron at low heat.

Recalls of 1925

by A. M. Robinson

The celebration of the fiftieth anniversity of the incorporation of the Town of Appomattox will be one event commemorated at the third annual Historic Appomattox Railroad Day Festival to be held on Oct. 11 and 12. This is the first in a series of articles to acquaint the reader with life in Appomattox fifty years ago.

The Charter of the Town of Appomattox states that a petition for incorporation was presented on June 2, 1925, at the Circuit Court, held for the county of Appomattox at the Court House. Robert J. Huteheson, Judge.

S. L. Ferguson, A. H. Clement, C. W. Smith and more than 20 other "duly qualified voters of the thickly settled community known as Appomattox" appeared and presented the petition, "praying that said thickly settled community mayh be incorporated . . as provided by Chapter 16 of the Code of Virginia as amended . .

The petition, "with said notice of time and place that it would be presented," had been published in the **Times-Virginian** once a week for four successive weeks. A copy had been posted at the front of the Court House for the same period.

The court was satisfied that it would be to the interest of the inhabitants of the town, that the prayer of said petition was reasonable; that the general good of the community mentioned in the petition would be promoted by the incorporation and that the number of inhabitants of the town exceeded two hundred and did not exceed 5,000, and that the area of land designed to be embraced within the town was not excessive.

The Circuit Court then ordered "as provided by Chapter 116 of the Code of Virginia, as amended, "that all provisions had been complied with, and "that the Town of Appomattox in the county of Appomattox, shall be . . . Incorporated and made a body politic and Corporated by the name of THE TOWN OF APPOMATTOX with all powers and privileges and duties conferred and appertaining to town under the General Law of the State of Virginia."

The Court ordered that the first election for town officers be held Tues., Aug. 18, 1925, at the Court House of Appomattox County, which is located within the town.. The sheriff was ordered to post notice of said election at the front door of the Court House and at least three other public places within the town.

The first town council in 1925 was made up of the following members: James W. Cawthon, Jr., Charles F. James, C. S. McDearmon, R. S. Wheeler, Charles T. Moses, A. H. Gregory and Don Moses.

Town officials were James W. Cawthon, Jr., W. W. Scott, Town officials were James W. Cawthon, Jr., Mayor; W. W. Scott, Manager; Don Moses, Clerk.

Committees were **Accounts and Finance:** C. F. James, D. S. McDearman, C. T. Moses; **Streets and Lights:** C. S. McDearman, A. H. Gregory, R. S. Wheeler; **Health and Ordinance:** Don Moses, A. H. Gregory, C. S. McDearman; **Building, Water and roperty:** R. S. Wheeler, A. H. Gregory, C. S. McDearman; **Fire:** C. T. Moses, Don Moses and A. H. Gregory.

The information in this article is taken from **The General Ordinances and the Chapter and By-Laws of The Town of Appomattox, Virginia** 1925; Brown-Morrison Co., Lynchburg, Va.

Next week's article will feature some the town ordinances of 1925 that will be amusing to today's residents.

Juniors Receive Rings

On September 5, the **Junior** Class at ACHS received their class rings.

The meeting was conducted by our president, Joe Ford. He was assisted by Mr. Reed Schweikert, Herff-Jones representative. Mr. Tillery gave a brief talk then presented Joe with his ring. The officers were given their rings and they presented the class members their rings.

We feel we have accomplished a lot by getting our rings early. Thanks to the hard work of our ring committee, we were able to order our rings in April of our sophomore year. This enables us to wear them our whole Junior year. We have set a tradition that we are sure many classes to come will follow. With further work from our class officers and members we feel we can make many new changes to better our school and community.

Watermelon Feast

Most people have heard the old saying that "preachers love to eat!" and Rev. Edward Terry of Evergreen Baptist Church is certainly no exception. "Butch" as he is affectionately known among his wide circle of friends has never been known to turn down the opportunity for "food and fellowship". Usually it is the preacher who is the guest of honor but on Wednesday night of last week the tables were turned.

At the Sunday morning worship service Rev. Terry announced that after the mid-week services on the following Wednesday night there would be a watermelon feast at his home for all the congregation and he would furnish the melons. He did exactly that.

"Butch" pulled 51 of the melons from his patch which he planted and cultivated himself and still had melons left. Not only did he serve the usual delicious red melons but offered melons that showed a beautiful yellow color when cut and had a sweetness that was out of this world.

Not many people can boast of a minister who is not only an outstanding preacher but an expert on raising melons as well.

Why not make this a yearly event? How about it, Rev. Terry?
